BHoney

*"Enjoy the golden goodness of nature's
most precious gift - honey."*

"The factory was established in 2018 in Barzan, Erbil over an 8768 meter square land specifically made to meet the food industry standard."

Bhoney is a beekeeping and honey supply company that offers a local, all-natural alternative to industrially produced products. Its key assets are the more than one-half-million bees it houses on a large, secluded farm designed and operated according to the highest global standards.
